

CURRICULUM VITAE

Personal Details

- Name: Jääsaari, Jesse
- Born in May 1992 in Helsinki, Finland.
- Finnish citizen
- E-mail: jesse.jaasaari@gmail.com
- Home page: <https://www.jessejaasaari.com>
- Date of CV: December 31, 2019

Education and Degrees Completed

- September 18, 2018: Doctor of Philosophy, Department of Mathematics and Statistics, University of Helsinki, Finland. Doctoral thesis “*Exponential Sums Related to Maass Cusp Forms*” was approved with the grade **passed with distinction**.
- December 18, 2013: Master of Science, Department of Mathematics and Statistics, University of Helsinki, Finland. Master’s thesis “*A Pretentious Approach to Estimating Character Sums*” was approved with the grade **Eximia cum laude approbatur**.
- December 18, 2013: Bachelor of Science, Department of Mathematics and Statistics, University of Helsinki, Finland. Bachelor’s Thesis “*Hölderin Lause*” (in Finnish for “*Hölder’s Theorem*”) was approved with the grade **5/5**.

Current Position

- 2019-present: Postdoctoral researcher, Department of Mathematics and Statistics, University of Turku, Finland. Supervised by Prof. Kaisa Matomäki.

Previous Work Experience

- 2014-2018: Doctoral student, Department of Mathematics and Statistics, University of Helsinki, Finland. Supervised by Dr. Anne-Maria Ernvall-Hytönen.
- 2013-2014: Research assistant, Number Theory Finland-project. Funded by the Academy of Finland (co-ordinated by the University of Oulu).

Research Interests

My research interests lie in analytic number theory with a focus on automorphic forms, automorphic representations and L -functions related to those objects. Most recently I have worked on questions related to higher rank automorphic forms. I am also interested in representation theory in connection to analytic number theory and the Langlands programme.

Selected List of Publications

1. *On Short Sums Involving Fourier Coefficients of Maass Forms*. Submitted, 29 pages. Preprint available at arXiv:1804.09702.
2. (with E. V. Vesalainen) *On Sums Involving Fourier Coefficients of Maass Forms for $SL(3, \mathbb{Z})$* . *Functiones & Approximatio Commentarii Mathematici*, vol. 57, No 2 (2017), pp. 255 – 275.
3. (with E. V. Vesalainen) *Exponential Sums Related to Maass Forms*. *Acta Arithmetica*, 190 (2019), pp. 1 – 48.
4. (with A.-M. Ernvall-Hytönen and E. V. Vesalainen) *Resonances and Ω -Results for Exponential Sums Related to Maass Forms for $SL(n, \mathbb{Z})$* . *Journal of Number Theory*, 153 (2015), pp. 135 – 157.

Selected Personal Research Funding and Grants

- Scholarship of the Finnish Cultural Foundation. Granted in January 2019, 30,000 EUR.
- Travel scholarship of the Magnus Ehrnrooth Foundation for a research visit to Kungliga Tekniska Högskolan (KTH). Granted in March 2017, 3,000 EUR.

- Funded position in Doctoral Programme in Mathematics and Statistics at the University of Helsinki starting in January 2017. Granted in November 2016.
- Scholarship of the Finnish Cultural Foundation for doctoral studies. Granted in February 2015, 24,000 EUR.
- Scholarship of Vilho, Yrjö and Kalle Väisälä Foundation. Granted in November 2014, 23,000 EUR. Declined due to the position in the Doctoral programme in Mathematics and Statistics.
- Funded position in Doctoral Programme in Mathematics and Statistics at the University of Helsinki starting in January 2015. Granted in November 2014.

Teaching Experience

I have been a teaching assistant for several undergraduate and graduate courses in mathematics at the University of Helsinki: Elements of Cryptography (Spring 2014), Complex Analysis I (Fall 2014), Introduction to Analytic Number Theory (Fall 2014), Advanced Course in Complex Analysis (Spring 2015) and Introduction to Number Theory (Fall 2015).

Selected Awards and Honours

- Outstanding Doctoral Dissertation Award, Doctoral School of Natural Sciences, University of Helsinki, November 2018.
- Special award for an exceptional fast and successful completion of Master's degree, Awarded by the Faculty of Science, University of Helsinki, December 2013.
- Represented Finland at the 52nd International Mathematical Olympiad (IMO) in Amsterdam, the Netherlands, July 2011.

Selected Academic Presentations

- Finnish Mathematical Days 2020, *Sign changes of Hecke eigenvalues in $GL(3)$* , Oulu, Finland, January 3, 2020 (upcoming).
- University of Oxford, *Exponential sums involving Fourier coefficients of higher rank automorphic forms*, Oxford, UK, April 30, 2019.
- London Number Theory Seminar, *Exponential sums involving Fourier coefficients of higher rank automorphic forms*, King's College London, UK, April 24, 2019.
- Finnish Mathematical Days 2018, *On short sums involving Fourier coefficients of cusp forms*, Joensuu, Finland, January 5, 2018.
- Journées Arithmétiques 2017, *On the distribution of exponential sums related to automorphic forms*, Caen, France, July 4, 2017.
- KTH Number Theory Seminar, *On the distribution of exponential sums related to automorphic forms*, Stockholm, Sweden, April 26, 2017.
- University of Copenhagen Number Theory Seminar, *On exponential sums involving Fourier coefficients of automorphic forms*, Copenhagen, Denmark, October 14, 2016.
- Analytic Number Theory Workshop, *A resonance estimate and related Ω -result*, Turku, Finland, May 27, 2014.

Research Visits

- April 29-May 3, 2019: Visit to University of Oxford, UK.
- April 23-26, 2019: Visit to Queen Mary University of London, UK.
- February 1-April 30, 2017: Visiting graduate student at Kungliga Tekniska Högskolan (KTH), Stockholm, Sweden.
- October 10-15, 2016: Visit to University of Copenhagen, Denmark.

Participation in Conferences and Similar Events
